CLOSING OF THE FISCAL YEAR

Council Meets Last Night—Appropriation and License Bills Reported.

WILL SUE FOR STOVES.

Money Appropriated by Board of Aldermen for Public Schools and New Hospital.

The appropriation bill for the year beginning June 1st, and the license bill for the coming year were passed by the Board of Aldermen last night. The report of the finance committee recommending an appropriation of $5,000 towards defraying the expenses incident to the erection of a new hospital, also a favorable report of the committees on finance and schools on a petition of the school board for an appropriation of $4,000 to defray the expense of conducting the public schools, were adopted by unanimous votes in the Aldermen. These measures, under the law, were laid over in the lower board.

The license law, as ahas been stated, is but little changed from that of last year. Pawnbrokers will pay $150 instead of $120; a license tax of $10 will be required of dairy lunch rooms; $2 on one-horse vehicles operated for hire upon the streets, each of which is to be furnished with a tag by the commissioner of the revenue; patent medicine venders upon the streets are to be charged $10 a day or $50 a week; all firms using trade stamps are to be taxed $250 a year; $10 a day is levied upon carnivals which may be exhibited in this city with $3 for each separate tent, the tax to be collected each day, and $5 is to be paid by all persons operating shooshining establishments.

This city's expenses for the fiscal year ending May 31, 1915, will be $25,735 more than last year. The total expenses for the city for the coming fiscal year will be $196,965. Among the increases are $12,500 for erection of new house for Relief Hook and Ladder Company; $5,200 for schools; $$2,000 for fire department; temporary loan interest, $1,785; street cleaning, $1,000; Associated Charities and emergency fund, $250; electric lights, $200; poor and workhouse, $300, together with a number of others.

The resolution providing for an appropriation of $5,000 to the building fund of the Alexandria Hospital stipulates that the money shall be paid as follows: $2,000 during 1914-1915; $1,500 during 1915-1916; $1,500 during 1916-1917. It is also provided that in consideration of the appropriation free treatment shall be furnished indigent patients of the city at the hospital in a ward to be known as the "Alexandria City Ward."

A joint session of both boards was held during the evening, and George H. Schwarzmann was elected police commissioner from the Third ward to fill the vacancy caused by the death of August H. Oehlert.

Board of Alderman.

After the license bill had been read in the Aldermen Mr. Ballenger said the only persons whose license taxes had been raised were pawnbrokers. He moved an amendment to the bill making their assessment $120, as it was last year. Mr. Ogden seconded the motion. Messrs. Ballenger and Ogden voted aye, and the other Aldermen no, and the motion was declared lost.

Mr. Brill wante dall increases obliterated, but several queries had been put to Mr. Field, chairman of the finance committee, which he answered satisfactorily, it was determined to pass the ordinance as reported. The vote was unanimous after it had been read the third time.

The Aldermen after having concurred in the action of the Common Council on several papers which had been sent in, repaired to the Chamber of Common Council for the purpose of participating in the election of a police commissioner from the Third ward, and upon their return adjourned.

Common Council.

The only member of the Common Council who was absent last night was Mr. Sullivan from the Third ward.

The three ordinances appropriating a total of $4,700 for the extension of the northwest trunk sewer, laid over at the last meeting, were passed.

The Clerk of Gas was authorized to enter suit for over-due rentals for gas ranges.

Mr. Marshall introduced a resolution appropriating $600 to erect a wagon house adjoining the Reliance Engine House. This was referred to the finance committee.

Mr. Smith introduced a resolution directing the street department to sprinkle macadam and dirt streets at least as often as the paved streets are sprinkled. This led to a lengthy discussion, in which every one seemed to agree that some steps should be taken to get rid of the street dust. Several suggested using oil.

Mr. Williams thought the electric railway should sprinkle the streets over which they run.

Mr. Marshall approved of this, but thought the street cleaning department should receive a much larger appropriation than it does at present.

The matter was referred to the committee on streets.

Council accepted the invitation of the Alexandria Water Company to visit the new dam at Barcroft.

A resolution came in from the committee on finance and schools appropriating $1,000 to apply on the deficit in the public school funds for the present year. This was appropriated. The report of the committee stated that the total deficit would be $4,000, but that $3,000 of this would be taken care of in the appropriation bill for the coming fiscal year.

The finance committee reported favorably on the request of the Alexandria Hospital for an appropriation of $5,000 for the new building. The report offered by them provides that he city should give $2,000 during the fiscal year 1914-1915, $1500 in the year 1915-1916 and $1500 in the year 1916-1917, all of this conditionally on the hospital establishing a free ward of sufficient size to care for the indigent sick of the city. This was laid over under the law.

The appropriation bill was read and laid over, as was the license law.

Mr. Brockett moved that the Aldermen be invited to join Council in a joint session for the election of a police commissioner from the Third ward. This was adopted, and the Aldermen accepted the invitation, but before coming over finished their business, and during this time Council took a long recess.

When the joint session assembled Mr. H. K. Field nominated Mr. George H. Schwarzmann, and Mr. Schwarzmann was unanimously elected.

The joint session then dissolved and Council adjourned.

RAIN GREATLY NEEDED.

Washington, May 2 — Rain is greatly needed in the Southern States of Mississippi, especially in the Carolinas and Virginia, according to the Weather Bureau's weekly weather bulletin.

"In the cotton belt dry weather continued in the States to eastward of the Mississippi, and it was especially severe in the Carolinas, where the stand of cotton is poor, and growth and germination are being retarded, but the crop is clean and well cultivated.

"Over the Atlantic Coast States from North Carolina, to New England continued dry weather has prevented the settling of tobacco plants and retarded the growth of all vegetation in the more Southern portions."

Boy Drowned.

Willimantic, Conn., May 27.—Disobeying his mother's instructions to keep away from Upepr Pond, William Stanley, ten years old, got an old boat and pushed it out into the deep water. When the seams began to let in water he screamed to a chum, Edward Lemarine fourteen. Lemarine got into another rowboat and rowed alongside. He stepped into the half filled boat and lifted Stanley to his boat.

Before he could get into the safe boat the leaking one sank and he was drowned.

HUERTA SAID TO HAVE ABDICATED

Report Reaches Vera Cruz That Dictator is Aboard German Ship.

IS NOT CONFIRMED

Many, However, Believe He Left Puerto Mexico, Yesterday Morning For Havana.

Washington, May 27.—State Department authorities today said they had no confirmation of a report regarding Huerta's rumored flight.

The Brazilian minister at Mexico City, reporting today, made no mention of the dictator's reported departure.

Vera Cruz, May 27.—The commonly accepted belief here today is that Victoriano Huerta, provisional President of Mexico, is aboard the German steamer Ypiranga, a fugitive from Mexico.

The Ypiranga, convoyed by the German cruiser Dresden, it is reported here, steamed from Puerto Mexico early today. She is headed, it is understood, either for Havana or some European port, where the dictator plans spending him time till turbulent conditions in Mexico pass.

Officials of the Hamburg-American line, which owns the Ypiranga, are silent as to the steamer's probable movements.

Reports of the dictator's flight from the Mexican capital at 3 o'clock yesterday morning for Puerto Mexico, reached Vera Cruz today from a eminently responsible authority. The source of the reports is unquestioned by those in Vera Cruz who are familiar with conditions in Mexico City.

It is believed the German government has promised protection to the dictator.

The Ypiranga is charatered to the German government and is being used as a refugee vessel. She was scheduled to go to Puerto Mexico and take on board refugees from Mexico City, return to Vera Cruz on Saturday, and thence sail for Havana.

The men closet to Huerta and who were the strongest Huertistas, have held the belief that they will find safety only on the outside of Mexico, and they are hastily preparing to go either to the United States, or to Europe.

The dictator, acording to Miguel Necoeches, night editor of El Imparcial, knows it is impossible for him to hold out much longer against the rebels, and long has realized that it would be impossible for him to make a stand against the United States. Neocheches, who arrived here yesterday, said Huerta expected to leave Mexico "June 1, if not sooner."

The committee took no action.

It was said that the Mexican situation was not discussed.

DEATH NOTICE.

At midnight on Monday, May 25, 1914, at the residence of her brother-in-law, Charles W. Tucker, 1443 Pennsylvania avenue, southeast, Washington, D. C., MARY GOULD, (MINNIE), beloved daughter of Joseph and Sarah Lovejoy Padgett. Funeral from St. Mary's Church at 9:30 o'clock Thursday morning. Interment private.

MRS. BARGER SUES HEIRS.

Daughter of Late Jos. Friedenwald Asks $400,000 Damages.

Mrs. Blema Brager, wife of Albert A. Brager, a native of Alexandria but now of Baltimore, daughter of the late Joseph Friedenwald, president of the Crown Cork and Seal Company, filed suit yesterday in Circuit Court at Towson against the other heirs of Mr. Friedenwald, in which she claims $400,000 damages covering her share of the estate.

Mrs. Brager admits that she has already received $120,000 from the other heirs in lieu of her interest in the estate, but alleges that she accepted the money after false representations had been made to her.

Mrs. Brager claims that if her father had died intestate her share would have been $350,000. She also sets forth that by the will of 1910 she was left $40,000, and while she believed her father incapable of making a will at the time, she notified the other heirs that unless she received an equal share in the estate she would proceed to file a caveat to the will.

Knowing she would do this, Mrs. Brager says, the other heirs entered into negotiations with her for the purchase of her interest. In this she alleges, that in order to induce her to sell to them her interest for a sum far below its true value, they falsely and fraudulently represented to her that her father during his ife time executed another will, which they represented to be valid and in which he had entirely disinherited her, so that even if she would be successful in setting aside the will of 1910 she would receive nothing unless she could also set aside the will of 1903.

Not being acquainted with the circumstances under which the will of 1903 was executed, she says, she signed her interest to the defendants, or some of them, for $80,000, the defendants paying the fee of her attorney.

Mrs. Von Claussen Gets Six Months.

New York, May 27.—Mrs. Ida Von Claussen, who a few years ago entered into a controversy with Theodore Roosevelt because she was not presented at the court of the King of Sweden, yesterday was sentenced to six months in the penitentiary for sending threatening letters to Chas. Strauss, ate one time her lawyer.

AGREEMENT WITH LABOR.

President Accepts Amendment to Clayton Bill.

The administration has reached an agreement with organized labor as to the special privileges to be conferred by the anti-trust bill now pending in Congress. President Wilson yesterday accepted an amendment to the Clayton bill which labor leaders declare clearly exempts labor unions from prosecution under the anti-trust laws.

The labor Representatives in the House have announced that they are satisfied with the concessions which have been made, and that they will not oppose the administration's anti-trust program. They have got what they wanted from the Democratic party.

President Wilson takes the position that the amendment he has approved will not preclude the prosecution of labor unions for acts in violation of the anti-trust laws. His supporters in the House, who had aided in drafting the amendment, have advised him that the language to be added to the Clayton bill will merely clarify that section which deals with labor organizations and that it will not further exempt them.

All Alexandrians Should Be Bricks in Structure Contemplated.

COUNCIL'S DONATIONS.

Noble Response From Mount Vernon District, Fairfax County—Others to Be Heard From.

Only four days are left for you to put yourself in the front ranks of the "Hospital Workers." Of course, after the four days end any subscription you may make will be gladly accepted and highly appreciated, but that subscription will not be one of the foundation bricks and are you not a brick enough to help build this hospital by a contribution of either a penny or a thousand dollars?

Watch the Rise in the "Thermometer" of contributions and see what your friends have done in the last five weeks. See that they have given of their abundance or of their mites, an average of over $2.00 for each citizen, male, female or child in this city. Bring the city forward that can show such a record.

It can't be done.

However, unless you are one of those who have contributed, large or small—what right have you to point to the "Thermometer" and say, "see what our city has done?" Can you honestly ask that question unless you have done something?

In Council last night the proposition of appropriating $5,000 to the hospital fund was brought up in the Board of Aldermen and carried by a unanimous vote, which is extremely gratifying. The money is to be paid in three instalments, one of $2,000 out of this year's levy and two of $1,500 each, which means less than ten cents per capita annually, and practically will not be felt, but it will add prestige to the hospital movement and will identify every citizen therewith.

In addition to the $5,000 which will unquestionably be appropriated, but cannot be put upon the hospital "Thermometer" until the lower board has acted upon it, another contribution has been sent in from the Mt. Vernon district, Fairfax county (which district, by the way, has contributed most generously to this fund) of $1,000 from Mr. H. P. Wilson and his wife, who have only recently purchased and located on the old historic Hollan Hall Estate. It seems that when those who have recently located in Virginia are so generous that every one should add in securing the remaining $12,000 needed to give Alexandria one of the finest hospitals of any town of its size in the United States.

BOY OUTLIVES 22,000 VOLTS.

Contact on Electric Road Pole Singes And Hurls Him Into Coma.

Mount Vernon ,N. Y., May 27.—Little 13-year-old George Kernstock, of West Mount Vernon, had a remarkable escope from electrocution yesterday, when he climbed one of the high tension poles of the Harle mRailroad and his head touched a wire carrying $22,000 volts. The contact knocked him from his perch. He fell 35 feet and still lives.

Physicians marvel that the electric shock did not kill him. He is now in the Mount Vernon Hispital, where he has laid in a state of coma ever since he was picked up. The hair on the top of the boy's head was burned off, while the bottom of his left foot was badly charred and there is a fracture of the spinal bone in the middle of the back.

The precise value of the real estate left by the testator, who died in London, January 21, of this year, was not made public, but the fact that the duty paid amounted to $4,189,190 indicates that his entire estate, real and personal, had a value of $27,928.00.

Madison, Wis., May 27.—The estate of Baron Strathcona will pay nearly $100,000 inheritance tax to the state of Wisconsin. The Wisconsin holdings which will be taxed are stocks of the Northern Pacific railroad approximating $3,780,000.

TO PURCHASE MT. WEATHER.

Plan to Make Place Summer Residence for President.

Mount Weather, the research and experiment station of the weather bureau, constructed on the top of the Blue Ridge near Bluemont, Va., by Willis Moore at the expenditure of many thousands of Uncle Sam's good money, will be converted into a summer White House if a bill introduced yesterday by Senator Swanson, of Virginia, should become a law.

This station was dropped in the last appropriation bill by the Democrats, and the Secretary of Agriculture has been instructed to ascertain how advantageously to the government it could be sold. Senator Swanson now suggests its conversion into a summer executive headquarters as a more fitting arrangement.

It would require several thousands of dollars to equip it as a residence for the President. There is now a large house artistically constructed of natural rock, but fitted for quarters for a number of expert observers. In addition to many outbuildings used for the aerial kites, balloon, and other instruments used in investigating weather conditions, the grounds are equipped with a fine tennis court and other accessories that added to the pleasures of those stationed there when off duty. The building sits high on the brow of a mountain overlooking the famous Piedmont valley, but it is so far removed from other homes that it affords most excellent opportunities for long and sustained work, without the interference of visitors.

PEACE SEEMS ABOUT TO DAWN

Another Full Conference May Pave Way to Understanding.

THE LAND PROBLEM.

No Serious Disagreements Are Reported, so Far—Without Land Reform, Another Revolution Imminent.

Niagara Falls, Ontario, May 27.—So favorable have been the "conversations" between the A. B. C. mediators and the two sets of delegates attempting to settle the future of Mexico that it was believed today another full conference, which might possibly be called tomorrow, would pave the way for early settlement. No disagreements have yet occurred.

Following reports of differences of opinion between the Mexican and American delegates on the land problem, it was stated on the highest authority today that this question is of the least of the troubles confronted by the mdiators. It is accepted that land reforms must be enacted in Mexico. Otherwise pacification of the country will be impossible.

It is realized that the establishment of any new government in the republic, without land reforms would only mean another revolution. Any provisional government that may be established will be pledged to land reforms, including a plan for the redistribution of the vast Mexican estates, for which the revolutionists have been fighting.

Just how the conference here will handle the matter is, apparently, the only question involved, however. The Mexican delegates admit such reforms should be a part of the pacification plan.

Old Man Heartbrokes Just For Lack of Marriage License.

Greensburg, Pa., May 27.—Eugenics, as practiced in Westmoreland county, resulted fatally to a heartbroken old man, Theodore Merlow, of Smithton, who was found dead in bed at home yesterday morning. Death is attributed to his disappointment.

Last week, Merlow, who was 75 years old, called at the office of the marriage clerk here in company with Mrs. Bessie Student, a widow, 22 years of age, seeking a marriage license. Merlow was unable to qualify that he could support a wife, and it also developed that his frist wife died in the county home January 2 1910. For this reason the clerk refused to grant the license.

The old man was heartbroken and left the office in tears. He returned to his home at Smithton and friends say he has been droopy ever since. He retired early last night and when the folks with whom he lived went to call him this morning they found h dead.

LEAPS TO A FIERY DEATH.

Unknown Man, Becoming Confused, Jumps From Bridge Into Flames.

Cleveland, O., May 27.—One man was burned to death in the conflagration which wrought damage estimate at $1,500,000 in the lumber yard district along the Cayuhaga river Monday night. When policemen were clearing the damaged central viaduct an unknown man became confused and leaped from the bridge into the center of the flames, 75 feet below. He was incinerated. All of the three injured in the fire will recover.

The central viaduct, over which the street cars run from the center of the city to the southside, will be out of commission for weeks, a section 200 feet long having been burned away. The Nickel Plate bridge is also out of service, and trains are being routed over the Lake Shore tracks.

AWARDS INCREASED.

Preliminary Movement Toward Fortifying Cape Henry.

Norfolk, Va., May 27.—An order has been issued in the United States District Court increasing the awards made by the jury in the cases of a few of the property owners in the Cape Henry condemnation proceedings. The order was entered by Judge Waddill, after a consideration of the motions for new trials made recently. Only a few of the defendants elected to press their sides of the cases when they were called at that time, the remainder of them withdrawing their motions made at the conclusion of the original hearing.

The order entered practically places the matter in such shape that the final proceedings in the sale of the property may be started.

Col. Theodore Roosevelt practically at the end of his bussy visit in Washington, made a statement last night which swept asid any and all doubts that may have existd as to whre he expets to stand in the future in th country's politics.The colonel is still a Progressive.

The boy had gone into the wood to shoot snakes, had fired only a single shot, and did not knw that the bullet, going wide, had found its mark in Kramer until he came upon the man dying along the road.

KILLED BY FALL.

Winchester Tragedy Sunday, Dead Woman's Weight Was 250 Pounds.

Winchester, Va., May 27.—While visiting her sick sister in Winchester, Va., Monday, Mrs. Ella Kesselring, sixty years old, wife of Joseph Kesselring, a basket manufacturer, 907 Low street, Baltimore, Md., mistook a door leading into a cellar for the entrance to a cupboard and fell headlong into the cellar, being instantly killed.

Physicians declared that she died from a broken neck.

After several weeks' planning Mrs. Kesselring left Baltimore on an excursion train Monday morning, accompanied by another sister, Mrs. Charles Artz, of that city, and reached Winchester shortly after noon. She was in good spirits, and cordially greeted her sister, Mrs. Mary Doran, who is a paralytic.

"I'll get something for dinner," said Mrs. Kesselring, as she started toward a door which she believed to be a cupobard. She pulled open the door and made a step forward, only to plunge down into the cellar. Her great weight—250 pounds—is believed to have rendered the accident more certainly fatal.

Mrs. Artz grabbed her dress, but it tore and did not help to break the fall.

Mrs. Kesselring was born in Edinburg, Shenandoah county, Va., and was formerly a Miss Westcamp.

SWARMS OF LOCUST.

Seventeen-Year Variety in Western Virginia.

Clarksburg, W. Va., May 27.—Seventeen-year locusts, which are due early in June in this section and in parts of Ohio, Pennsylvania and Virginia, according to the Federal Department of Agriculture, have already made their appearance in and around Clarksburg. Immense swarms of them have come out of the ground and are now clinging to trees along the streets.

English sparrows and other birds are getting rid of great quantities, in some instances clearing trees of them in the early morning, but in the evening new swarms come out of the ground and cover the trees again.

PRESIDENT RECEDES.

Prospects for Peace Seems to Grow Brighter.

Niagara Falls, May 27.—The White House yesterday surrendered on its demand for the unconditional elimination of Huerta. Bryan authorized American delegates, Justice Lamar and Frederick W. Lehmann, to accept Huerta's terms on this point.

By receding from his original demand, President Wilson, in the opinion of the Mexican envoys, has assured the success of the peace conference and averted war between the United States and Mexico.

One of the mediators said today that Washington's plan for forcing Huerta out looked too much like "political proscription." The South American diplomats supported the Mexican delegates in opposing the "total eclipse" of the dictator.

Actual work of drafting a tentative peace protocol, according to the announcement of Justice Lamar, was begun this morning by the mediators. From an equally high source it was learned that names are now being considered for a provisional president who will be accepted by Huerta and Carranza.

Mrs. John H. St. Denis, mother of five children, was shot and killed in West Manchester, N. Y., late yesterday afternoon, and shortly afterwards her husband was arrested and locked up on a charge of murder. The mother was killed in the sight of her five-year-old child. The couple had not been living together for some time.

Emperor William has given his consent to the marriage of Prince Oscar of Prussia, his fifth son, to the Countess Ina Marie, daughter of Count Charles von Bassewitz-Levetzow, and in order to allay the prejudice of the Hohenzollerns against a member of the Imperial blood marrying beneath him the Emperor, it is assumed will elevate to a high rank his son's choice of a wife. The countess is a woman of rank, but she is not of royal blood. It is said that one reason for the Kaiser's consent was that there was not enough German pricesses to go around all the male members of his family and he did not look with favor on his son marrying outside of the empire.

PROMPT RESPONSE OF COUNCIL.

The finance committee of the City Council lost no time in considering the request of the trustees of the Alexandria Hospital that Council contribute five thousand dollars towards defraying the cost of the proposed new structure in this city. They reported favorably upon the communication last night. After several questions had been asked by Aldermen after the report had been read in the upper board last night, all of which were answered satisfactorily, the recommendation of the committee was affirmed by a unanimous vote. Under the present law, the Common Council deferred action upon the report until another meeting.

The crying need for a larger and more modern building for the Alexandria Hospital, has been shown at times for several years. It is said that applications for accommodation of paid patients have recently been denied, as there was absolutely no room or space to offer. It may not be generally known, but it is said to be a fact nevertheless, that recently the front parlor of the building now used as a hospital has been utilized in emergencies.

The above statements are made to show that men, women and children in the community who have not yet responded to the appeals of the committee should not be onlookers while the friends of the hospital are striving early and late to raise the money necessary to relieve present conditions.

The need of the hospital is, of course, well-known. This fact has been made clear as the noonday sun, and the City Council, representing all classes, has manifested its purpose to do everything possible towards aiding in the commendable movement which has met with so much encouragement.

COULD NOT WORK AND PREACH.

"The Lord gave me the liberty to leave my wife if I preached the Gospel," explained Robert Henry to Judge Brown in the Desertion Court of Philadelphia yesterday, in answering a charge of non-support preferred by Mrs. Elizabeth Henry. He received no pay for preaching nor were any collections taken up during the services. His means of sustenance, he said, were through the Lord. Mrs. Henry was out of consideration, he said, when she attempted to interfere with him when he followed out the dictates of the Divine Being. He described her as a "common being" while he was a "spiritual man."

At present Henry said he was studying the Bible preparatory to receiving a degree of doctor of divinity. His time was so taken up with his studies that he could not devote any of it to labor.

After the colloquy with the prisoner, the judge ordered him to pay his wife $5 a week, which if he fails to do he will become a candidate for the House of Correction.

A certain percentage of inmates of most lunatic asylums have had their brains addled by becoming religious cranks. Shortly after the close of the civil war, a quiet old man of German birth, whose mind had run upon religion exclusively for years, concluded he would become another Elijah, firmly believing that he, too, would be fed by ravens. He, accordingly, quit work and went into a nearby burying ground and after selecting a spot where he was not likely to be disturbed, waited for the ravens to come to him with meat in the evening. He proposed to slake his thirst from a sluggish stream which ran at the foot of the grounds. Buzzards flew over the grounds ever and anon, but none alighted. Some of the friends of the would-be Tishbite heard of his caper, went to the cemetery and made him return to his home.

Daylight Wireless.

San Francisco, May 27.—What is said to be a new record for daylight wireless communication was established by the Matson liners Wilhelmina and Matson May 9. According to Captain Johnson, of the Wilhelmina which arrived here from Honolulu yesterday. While the steamers were 807 miles apart they were in communication for thirty minutes. This is said to have bettered previous distance records by more that 300 miles.

HIRED BABY TO FOOL FRIEND.

New York, May 27.—Mae A. Sullivan, who is suing Arthur I. Hoe, son of the late Robert Hoe, the manufacturer of printing presses, for $225,000 for an alleged breach of promise to marry and for his failure to carry out an alleged agreement to pay her $10,000 a week for life, made the admission in the Supreme court yesterday before Justice Gaveegan and a jury that in the latter part of 1912—a year after she alleges that Hoe promised to marry her, she had told Mrs. Nellie Glassberg, of the Bronx, that she was the married to William A. Burr, and that they had a baby, which she exhibited to Mrs. Glassberg.

But the plaintiff explained with glee to the jury:

"It was only a joke. I merely hired a boy from Mrs. Wm. J. Daly and took it up to Nellie Glassberg ,who, I knew, was expecting a baby."

"How much did you pay for the use of the Daly baby?" was asked.

"I paid Mrs. Daly $100 for the loan of the boy for about 15 minutes. I just wanted the to show the baby to Nellie Glassberg because I had told her I was married to Mr. Burr, brother of Mrs. Daly, with whom I was living. So I had to take a baby along because I had told we had a baby. But we didn't have any baby at all. The fact of the matter was that I was never married to Mr. Burr and I have never been married to anybody and have never had any baby."

TRUTH TRIUMPHS.

Alexandria Citizens Testify for the Public Benefit.

A truthful statement of an Alexandria citizen, given in her own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache nervousness, sleeplessness, urinary disorders or any form of kidney ills use a tested kidney medicine.

An Alexandria citizen tells of Doan's Kidney Pills.

Mrs. Martha L. Byrne, 209 Wilkes street Alexandria Va. says: "I never fail to recommend Doan's Kidney Pills after all they have done for me and you may continue using the endorsement I gave some years ago. I take this remedy every once in a while and it keeps me in good health. I was suffering severely from backache. My kidneys were badly disordered and I felt all run down. I was helped so much by the first box of Doan's Kidney Pills that kept on taking them until I was well."

Hoosier "White Beauty"

The End of a Great Offer:

Tomorrow Your Last Chance to Have the New Hoosier Put in Your Home for $1

Will you decide now to come down tomorrow and settle the matter once for all, or will you let tomorrow drift by—and then realize you are too late to decide; because the *Hoosier Plan of Sale positively will close tomorrow?*

Scores of other women are in your state of mind. They are reading this final call tonight. And many who have postponed as you have are making up their minds tonight to come down tomorrow for a final decision.

A choice still remains between "White Beauty" (selected by 3 out of 4 women) and the Hoosiers with "Oak" interior. But the numbers are few and you cannot hope to get one if you delay. You incur no obligation by coming, so let other matters wait tomorrow while you settle this important question.

You could scarcely imagine a decision of more importance to you. For the new Hoosier is a wonderful labor-saver—already used by 700,000 women. It saves miles of steps and hours of valuable time. It saves health and good looks. It is very low in price—and on the liberal terms of the Hoosier Plan is the Cheapest Kitchen Cabinet Ever Built.

The Hoosier Plan Is Simply This:

1. $1 puts any Hoosier you select in your Home.
2. $1 weekly quickly pays for it.
3. The Low Cash Price fixed by the Factory prevails strictly.
4. The Sale is under direct supervision of the Hoosier Company.
5. No interest. No extra fees.
6. Your money back if you are not *delighted* with your Hoosier.

What Possible Reason can remain to deprive you of the use of this Hoosier? Only the small number of Hoosiers left and the certainty that more women will come than we can supply. Every day we have enrolled more women on the Hoosier plan than we expected. There are fewer cabinets left for tomorrow than we have sold on any one day. These few undoubtedly would be taken without this ad, but we make this final announcement to keep our promise to advise you of the last day.

We Now Have Kept Our Promise to You

Please remember, if you come too late, that we have told you every day of the progress of this sale, and that we now give you the final date in time for you to still enroll if you act early tomorrow.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.
I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 45 years years old, but feel as good as I did when only 16.
Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."
If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.
Try Cardui. Your druggist sells it.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. P. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

Tot, the dog of the family of Mrs. Clarence Brown, [illegible] Long Island, N. Y., [illegible] chained the greater part of the time since his young master, George Brown, met his tragic death in Great South Bay three years ago. But Tot has become so aged and feeble he has of late been allowed to go free, and on several occasions his absence has caused a search for him, and each time he has been found lying on his master's grave in St. Ann's Cemetery. The dog now will pass around the several graves of different members of the family and select from all the others the grave of George Brown, on which he will lie for hours.

Fire of unknown origin destroyed the plant of the H. C. Cragg manufacturing Company, at 228-32 K St. southwest Washington, yesterday evening, causing a loss estimated at $30,000. The building is a two-and-a-half story structure, the first floor occupied by the Cragg company, for general machine work. The second floor was rented by Marine Bros., makers of boys' clothing.

Reginald Barr, a prominent young business man of Downers Grove, a suburb of Chicago, sought as the slayer of his sweetheart, Miss Florence Bentley, a beautiful, copper-haired cloak model, ended his life yesterday morning by throwing himself under a Chicago, Burlington and Quincy train near Lisle, Ill. He left a letter confessing the murder and giving details of the reime. The two were sweethearts. They had quarreled. She had told him he must give her up.

Young Jerome Coleman stood on the doorstep of the home of his 17-year-old sweetheart, Miss Josephine Hepburn, in New York early Monday night waiting for her to come down from the third floor. Suddenly, with a flutter of skirts, a body flashed past his eyes, and the youth was horrified to see Miss Hepburn's distorted gure stretched before him on the pavement. She had leaped or fallen from the roof of the five-story flat house. In the Reception Hospital it was found that her skull, left shoulder and she had suffered internal injuries. She was dying. No cause can be assigned for her act.

SICILY'S SHAKES ALARM.

Rumors were circulated that a number of persons had lost their lives in the outlying district, but the official reports made no mention of any casualties.

Weigh Yourself Before Using

Weigh yourself before commencing to use Samose, the great flesh-forming food. The wonderful sale on this preparation since first introduced in Alexandria and the remarkable results following its use have made E. S. Leadbeater & Sons such enthusiastic believers in the great value of Samose that they give their personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but E. S. Leadbeater & Sons have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Samose that they feel they cannot say too much to induce people to try it.

This marvellous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and rosy.

PRESBYTERIAN ASSEMBLIES.

Advocates of Grape Juice for Communion Service Victoria.

Kansas City, May 27.—The question of the use of fermented and unfermented wine in the communion service yesterday provoked commissioners attending the general assembly of the Presbyterian Church of the United States (Southern), into a lively discussion. Advocates of unfermented wine, or grape juice, apparently were victorious.

The discussion was precipitated when the Rev. J. S. Lyons, of Louisville, Ky., read an overture, asking if the session (the ruling board of the local church) has the right to choose between fermented and unfermented wine for use in communion.

The committee recommended that the general assembly give the session the right to choose between fermented wine and grape juice and the recommendation was adopted.

Chicago, May 27.—Members of the one hundred and twenty-sixth general assembly of Presbyterian Church in the United States of America yesterday went on record as favoring national prohibition, indorsed the national administration, the State Department, and the Navy Department for their action in support of the temperance movement, urged minister and church members to withdraw from clubs and social organizations which dispensed alcoholic beverages, and condemned cigarette smoking. The assembly decided to hold its one hundred and twenty-seventh annual session in Rochester, N. Y., next May, after the special committee in charge of the subject had considerede invitations from Rochester, Atlantic City, Seattle and San Francisco.

FRENZIED SLAYER AT BAY.

Kills Wife, Holds Off Thirty Policemen and Then Kills Self.

Newark, N. J., May 27—W. H. Mitchell 35 years old, shot and killed his wife, Emma, aged 29, at No. 178 Academy street, last night, where she was living with Walter Chase. He also shot Chase twice in the left shoulder. Then he fled, was chased under a stone stoop in High street, and for half an hour held at bay 30 policemen and 1,000 other persons. He fired nearly 40 shots at random, but not one was struck.

The police fired a dozen shots at Mitchell but he was not hit. Finding capture inevitable, Mitchell ran into the cellar of the house and sent his last bullet into his own brain.

He was dead when the police reached him.
